

# Excavation Project Manager/Operator

Since 1973, Weaver Construction & Roofing has been dedicated to quality workmanship and customer satisfaction. We have earned our reputation by going above and beyond to meet and exceed the needs of our clients. Please see our website for more details about our history, mission, and work! <http://www.weaverco.com>

**We are growing our Excavating Division! You'll be responsible for project management and execution of small excavation jobs and waterproofing. We're not performing major commercial jobs – but, we have increased our focus on small residential excavating and waterproofing projects that larger site contractors don't want to do.**

The Excavation Project Manager/Operator can expect that:

- A major portion of the job is interacting with clients after projects are handed off from sales. You will be in charge of quality control on each job.
- You'll be utilizing blueprints to order products and set projects up to be completed on time.
- You'll be outdoors a lot and will be running excavation machinery.
- Expect to be on the go constantly.
- You will be the go-to person for all Excavation projects and will be expected to communicate job progress to the residential project manager.
- You'll be scheduling your own work and must be a self-starter.

***Got to Have Prior:***

- Construction experience
- Experience operating excavation equipment
- Experience with Blueprint reading and take offs
- English fluency
- CDL
- Experience managing excavation job sites
- Valid Driver's License
- Technology fluency
